

## AMA LIAISON MONTHLY REPORT

*Due the 10<sup>th</sup> of each month*

| Region      | Host Organization | Reporting Month / Year | Submission Date |
|-------------|-------------------|------------------------|-----------------|
| SW Unalaska | Qawalangin        | April                  | 04/07/2026      |

### **Administrative & Ongoing Tasks**

**How many total hours were spent this month working on Administrative & Ongoing Task: 9.4**

### **Monthly Reporting**

Provide monthly summaries (this report) of activities performing duties outlined in [Liaison Contract](#).

### **Timesheets**

Provide monthly timesheets. To be submitted with a monthly report.

### **Meetings**

Participate in weekly AMA meetings.

**List any meetings and dates you were not able to attend:**

AMC Governance meeting: 4/8/2026

Meetings for the first and second week of April were canceled due to conferences and scheduled discrepancies for AMA.

### **Outreach & Engagement (Task 1)**

#### **Task 1. A**

Contact leaders of all Tribal governments, Tribal corporations, and municipalities within your region. Thoroughly inform and regularly meet with them to exchange information related to local mariculture priorities and opportunities.

**How many total hours were spent this month working on Task 1. A: 23.5**

**Continue to update the provided Tracking Sheet to note which organizations have been contacted / re-contacted, their level of interest, and desired scale: [AMA Liaison Outreach Tracking Google Sheet](#)**

**List any organizations and leaders that you have contacted / re-contacted this month, describe what information you exchanged and their interest [or lack of interest] in mariculture:**

Several communities—including Atka, the Chignik region, Cold Bay, Nikolski, Perryville, Pilot Point, Port Heiden, St. Paul, St. George, Togiak, and Unalaska—have not yet responded or still need successful contact. In some cases, contact information is outdated or unavailable. Adak and King Cove have begun the process of attending upcoming workshops. Contacts that returned calls were Cindy Beamer of Adak, city manager and Tanna Lewis of King Cove, both wanting to partake of workshops and get mariculture going.

## **Task 1. B**

Plan, design, and conduct culturally appropriate listening sessions, workshops, and presentations for the purpose of sharing information about and collecting input on local mariculture priorities. Conduct at least four in-person (per year) community-wide meetings to gather input and discuss local mariculture priorities. Detailed meeting notes with actionable items and follow-up guidance will be provided to AMA.

**How many total hours were spent this month working on Task 1. B: 4 hrs**

**List and describe any workshops, presentations, or meetings you participated in or planned this month:**

Meetings via telephonic meetings were conducted to prepare presentations with regional councils and leaders, to attend tomorrow via Zoom. Also email contacts were arranged to connect said leaderships to begin exploring mariculture potential.

## **Task 1. C**

Travel to meetings and conferences + other outreach.

**How many total hours were spent this month working on Task 1. C: 0**

**List and describe any work-related travel you participated in this month, including dates:**

Alaska Mariculture Conference utilized much of time promoting and networking for mariculture

## **Task 1. D**

Engage in miscellaneous outreach & engagement tasks.

**How many total hours were spent this month working on Task 1. D: 20.87 hrs.**

**List and describe any miscellaneous task you engaged in this month:**

The miscellaneous tasks were making and editing 4-slide shows and testing audio additionally with one. The idea is to find the most effective and impressionable formats, with info-slides and introduction to mariculture,

## **Technical Support (Task 2)**

### **Task 2. A**

Assist new and existing mariculture businesses with funding, permitting, farm design, research, grant writing, and proposal submissions.

**How many total hours were spent this month working on Task 2. A: 0**

**List any businesses that you assisted this month and describe your efforts:**

|  |
|--|
|  |
|--|

### **Task 2. B**

Develop relationships with key stakeholders and agencies such as NOAA, UAF, UAA, EPA, ANTHC, EDDs, etc.

**How many total hours were spent this month working on Task 2. B: 3 hrs**

**List any staff, job title, and organization you assisted this month and describe their relationship to mariculture:**

**Meetings with AMA, OTU staff,**

## **Task 2. C**

**Inform industry members about regional mariculture events and help them secure funding to attend.**

**How many total hours were spent this month working on Task 2. C: 2**

**List any industry members that you assisted this month and describe:**

I put together resource links with AMA, Greenwave and SeaGrant upcoming events and resources, which I sent out via email and text. So far Sand Point, Adak and King Cove have begun the development process with Nick Mangini and Sean Den Adel assisting with resource links.

## **Additional Questions**

**Describe any common themes of questions/concerns voiced from community members:**

|                                                                                                                                                                                                                                       |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| April questions were more oriented around “when can we begin?” and “can you do a presentation in zooms?” Most tribal leadership wishes to do zooms as the region is very remote, island to island costs of travel are extremely high. |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**Describe one success story:**

**Describe any follow-up required next month for the above listed activities completed.**

|                                                                                        |
|----------------------------------------------------------------------------------------|
| Gather feed back on slides, presentations and improve methodology, outreach frequency. |
|----------------------------------------------------------------------------------------|

**Please attach any photos or other media that could be shared**

**Pay stubs as required attached**

## AMA LIAISON MONTHLY REPORT

*Due the 10<sup>th</sup> of each month*

| Region      | Host Organization            | Reporting Month / Year | Submission Date |
|-------------|------------------------------|------------------------|-----------------|
| SW Unalaska | Qawalangin Tribe of Unalaska | May/2026               | 06/10/2026      |

### **Administrative & Ongoing Tasks**

**How many total hours were spent this month working on Administrative & Ongoing Task: 6.12**

### **Monthly Reporting**

Provide monthly summaries (this report) of activities performing duties outlined in [Liaison Contract](#).

### **Timesheets**

Provide monthly timesheets. To be submitted with a monthly report.

### **Meetings**

Participate in weekly AMA meetings.

**List any meetings and dates you were not able to attend:**

Meetings canceled and rescheduled were the only issues

### **Outreach & Engagement (Task 1)**

#### **Task 1. A**

**How many total hours were spent this month working on Task 1. A: 6**

**Continue to update the provided Tracking Sheet to note which organizations have been contacted / re-contacted, their level of interest, and desired scale: [AMA Liaison Outreach Tracking Google Sheet](#)**

Contact leaders of all Tribal governments, Tribal corporations, and municipalities within your region. Thoroughly inform and regularly meet with them to exchange information related to local mariculture priorities and opportunities.

**List any organizations and leaders that you have contacted / re-contacted this month, describe what information you exchanged and their interest [or lack of interest] in mariculture:**

|                                                                                                                                                                                                                                                       |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| King Cove and surrounding districts tribal councils and corporations, false pass tribal leaders, Southwest Alaska Regional Meeting had about 35+ attend via zoom. Called anchorage-based offices seeking contacts as many are outdated and dial tone. |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### **Task 1. B**

Plan, design, and conduct culturally appropriate listening sessions, workshops, and presentations for the purpose of sharing information about and collecting input on local mariculture priorities. Conduct at least four in-person (per year) community-wide meetings to gather input and discuss local mariculture priorities. Detailed meeting notes with actionable items and follow-up guidance will be provided to AMA.

**How many total hours were spent this month working on Task 1. B: 4.68 hrs**

**List and describe any workshops, presentations, or meetings you participated in or planned this month:**

Developed 3 slideshows for mariculture oriented around southwest tribal culture and etiquette, developed oral introductions for email and phone calls, as well as zoom introductions to fit within 5 minutes of talk time. Simple blanching methods, mariculture goals and current event introductions as well as resource links.

### **Task 1. C**

Travel to meetings and conferences + other outreach.

**How many total hours were spent this month working on Task 1. C: 0**

**List and describe any work-related travel you participated in this month, including dates:**  
Alaska Mariculture Conference utilized much of time promoting and networking for mariculture

### **Task 1. D**

Engage in miscellaneous outreach & engagement tasks.

**How many total hours were spent this month working on Task 1. D: 4 hrs.**

**List and describe any miscellaneous task you engaged in this month:**

The resource links and articles for Alaska mariculture development i reviewed and relayed as much information to potential farmers and industry, in key leadership roles.

## **Technical Support (Task 2)**

### **Task 2. A**

Assist new and existing mariculture businesses with funding, permitting, farm design, research, grant writing, and proposal submissions.

**How many total hours were spent this month working on Task 2. A: 0**

**List any businesses that you assisted this month and describe your efforts:**

|  |
|--|
|  |
|--|

## **Task 2. B**

**How many total hours were spent this month working on Task 2. B: 9.25 hrs**

**List any staff, job title, and organization you assisted this month and describe their relationship to mariculture: Attending regional meetings of the southwest tribe, zooms, calls and emails providing links and contacts withing mariculture. The tribal leaders were present in these meetings and requested workshop information**

Develop relationships with key stakeholders and agencies such as NOAA, UAF, UAA, EPA, ANTHC, EDDs, etc.

## **Task 2. C**

**How many total hours were spent this month working on Task 2. C: 8.5**

**List any industry members that you assisted this month and describe : Assisted connecting tribal leaders and corporation board members, with AMA and affiliates via zooms and emails**

Inform industry members about regional mariculture events and help them secure funding to attend. Rachel Lekanoff via google meets attended by more than 35 tribal leaders and members Wanetta Ayers, Molly Dischner, Jason Lessard, Nadine Kochuten, Charlie Herrington, Emma Luck, Jon Bonkoski, Lexa Meyer, Nick Mangini, Aaron Poe, Leanna Heffner, Jessica Cross, William Dushkin

## **Additional Questions**

**Describe any common themes of questions/concerns voiced from community members:**

The most common occurrence is initial high interest but not following through the start-up process. Questions about funding availability and how long funding is available. With funding coming to an end, the interest drops almost immediately. Further funding southwest could spark long-term interest. Calls and zooms were positive until the funding came to an end was talked about. Most want long term funding plans, but it is not available currently.

**Describe one success story:**

**Describe any follow-up required next month for the above listed activities completed.**

Contract coming to an end and would need a meeting to discuss if any further outreach and contract adjustments can or would be made.

**Please attach any photos or other media that could be shared  
Pay stubs as required attached**
